

CYO CAMPS TRY CRAYON SILHOUETTES

(1 HOUR) LESS MESSY ACTIVITY INCLUDED AS WELL
WARNING HOT IRONS, MELTED WAX, AND SCISSORS CAN CAUSE
INJURIES. KIDS WILL NEED PARENTS TO DO SOME OF THE STEPS.

SUPPLIES: WAX PAPER,
CRAYONS, PRINTS OF
SILHOUETTES, IRON, 2 THIN
TOWELS, SCISSORS

CUT OUT THE SILHOUETTES. FIRST
FOLD THE WAX PAPER IN HALF
AND CUT WAX PAPER INTO LARGE
SHAPES. YOU SHOULD HAVE 2 OF
EVERY SHAPE

MAKE CRAYON SHAVINGS
USING THE SCISSORS

PLACE A TOWEL ON IRONING
BOARD. WE DIDN'T DO THIS
STEP AND ENDED UP WITH WAX
ALL OVER THE BOARD..

PLACE WAX PAPER, CRAYON
SHAVINGS & SILHOUETTE ON
TOWEL. COVER WITH ANOTHER
PIECE OF WAX PAPER AND A
TOWEL. IRON THE TOWEL.

LET COOL THEN HANG IT IN A
WINDOW.

TO BE HONEST THIS PROJECT WAS REALLY MESSY. THE CRAYON SHAVINGS STUCK TO EVERYTHING THE MELTED WAX LEAKED THROUGH THE WAX PAPER.

IF YOU DIDN'T PUT IN ENOUGH CRAYON SHAVINGS THE RESULT WAS LACK LUSTER

THE END RESULT WAS COOL, BUT I DON'T THINK I WOULD DO THIS PROJECT AGAIN.

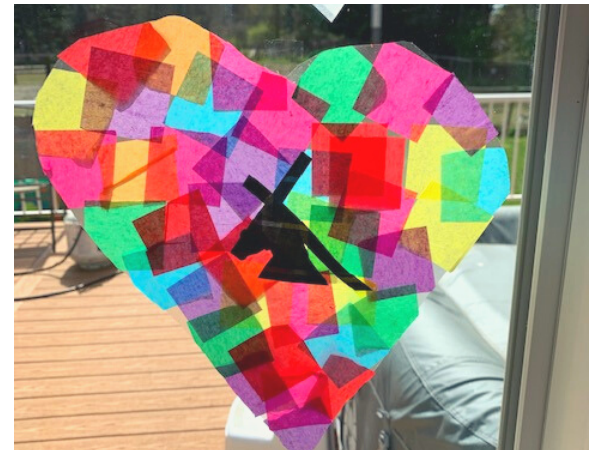

CYO CAMPS DIDN'T LIKE CRAYON SILHOUETTES SO WE DID AN ALTERNATE (30 MIN)

SUPPLIES: CONTACT PAPER, PRINTS OF SILHOUETTES, TISSUE PAPER & SCISSORS

CUT OUT SILHOUETTE AND CONTACT PAPER IN A SHAPE YOU WANT. PLACE SILHOUETTE ON CONTACT PAPER AND THEN COVER IN TISSUE PAPER.

HANG IN WINDOW
